

EurBee 11 – 11th European Conference of Apidology

Bologna, 7-10 September 2026

website: <https://www.eurbee2026.com>

Bologna, 08 June 2026

Subject: EurBee 11, deadline for early bird registration approaches

Dear colleagues,

with over 500 scientific abstracts submitted by colleagues from dozens of countries worldwide and accepted by the Scientific Board, EurBee 11 - the 11th European Conference of Apidology, promises to be a highly engaging platform offering wide opportunities for scientific interaction for all attendees.

Please note that **early-bird registration remains open only until 15 June 2026**. After that date, fees for late registrations will apply.

Below are the key deadlines:

- **June 15: Deadline for early bird registrations**
- July 5: Registration deadline for accepted contributions (or the contribution will be withdrawn)
- August 23: Deadline for late registrations

I would like to remind also that **electing to become a EurBee member for the next two years involves an additional financial benefit**. This results in a total fee (conference + membership) that is lower than the fee for non-members (compare 1st and 2nd with 3rd and 4th rows of the table at www.eurbee2026.com/fee-details).

I therefore invite those who have not yet registered to do so as soon as possible, either via www.eurbee2026.com or www.tecnichenuove.com/en/evento?id=23022.

Looking forward to seeing you all in Bologna.

Kindest regards,

Antonio Nanetti

President of EurBee 11

On behalf of the Local Organising Committee
